CAREER SUMMARY

Passionate and results-driven **MERN Stack** and **Flutter Developer** with experience building dynamic web and cross-platform mobile applications (Android & iOS). Proven ability in full-stack development, ranging from responsive UI design (React, Flutter) to secure API creation (Node.js/Express.js) and database integration (MongoDB, Firebase). Eager to secure a challenging internship to leverage my technical foundation, contribute innovative solutions, and grow within a fast-paced development environment.

TECHNICAL SKILLS

Category	Skills
Web (MERN)	React, Node.js, Express.js, MongoDB, Vite, HTML5, CSS3, JavaScript (ES6+), Bootstrap, Tailwind CSS.
Mobile (Flutter)	Flutter, Dart, UI Development (Dart), Firebase (Database/Auth).
Databases/Tools	MongoDB, Firebase, TensorFlow (Basic Integration), Git, Version Control.

WORK EXPERIENCE

Web Development Intern | Software Synergy Solutions

July 2024 – December 2024

- **Collaborated** directly with the development team on the full software development lifecycle of web applications.

- **Tested and debugged** front-end and back-end applications to maintain optimal performance and responsiveness.
- **Contributed** ideas and provided constructive feedback to enhance web development processes and code quality.

Web Developer Intern | Grow Intern

August 2023 – December 2023

- **Built and maintained** modern web applications using **React**.
- **Integrated Firebase Authentication** and **Cloud Storage** to manage user data and secure application access.

KEY PROJECTS

1. Web-Based Secure Transmission of X-Ray Images (MERN/AI)

- **Developed** a full-stack system for secure X-ray image encryption and implemented an **AI-based disease detection system**.
- **Tech Stack:** React, Node.js, Express.js, MongoDB, Firebase, TensorFlow.

2. Countdown Board Web App

- **Designed** a complete task management system during a high-pressure hackathon event.
- **Secured** user access and stored data by integrating Firebase Authentication.

3. Mobile/Web Applications (Flutter & MERN Examples)

- **Chat App:** Developed a user-friendly chat application with a focus on real-time communication.
- **Weather App:** Created a web application to fetch and display weather information for any global location.
- **Stripe Payment App:** Implemented functionality for easily transferring payments (demonstrating third-party API integration).

EDUCATION

Bachelor of Science in Computer Science (Graduated : 2021-2025)
Islamia College University, Peshawar
- **CGPA:** 3.47/4.00

F.Sc (Pre-Medical)
Islamia College Peshawar
- 2019-2021 (976/1100)

Matric (Science)
Islamia Collegiate School, Peshawar
- 2017-2019 (940/1100)

CERTIFICATIONS & LEADERSHIP

- **Saylani Mass IT Program:** Completed a comprehensive Web & Mobile App Development course.
- **Google Developer Group of Campus (GDGoC):** Selected as an official organizer, demonstrating leadership and community involvement.
- **Technical Content Creation:** Successfully led multiple LinkedIn carousel projects focused on educating others about JavaScript and CSS.
